

Brother Joseph Power (70)

"I wish to assure my relatives, confreres and friends that I am feeling very much better after a month or so of health complications which occasionally proved quite painful. Thanks to the care of Br. Guy, Janet Howard and two highly competent Doctors, the pain was often minimized and I was able to share community life. The Brothers have been a tonic, so have members of the faculty and Staff. To all of you especially relatives abroad, I express my sincere thanks, love and prayer."

Brother Raymond Fortin (60)

"As I celebrate sixty years of religious life, I am most grateful to God for my years of service and ministry to Plattsburgh and international students at MAI. As a septuagenarian, I still enjoy good health, thanks to winters of downhill skiing, cross-country and snow-shoeing, and summers of bicycling, golf and hiking. Since I retired three years ago, I do volunteer work for the school and community: bingo, soup kitchen, transporting senior citizens. God bless all relatives and friends."

Brother Rene Demers (60)

"Greetings to my sister-in-law, nieces and nephews. I am doing fairly well with all my health problems, particularly with my right-arm tremor. I try to keep active at the Senior Citizens Center of Clinton County doing volunteer activities such as mailing and organizing bingo twice a week. Periodically I go to school to attend special events and I am still keeping up with the school scrapbook. I have just completed the 35th volume of the scrapbook."

Jubilarians Send E Mails to Relatives and Friends

Brother Robert Michaud (65)

"As I complete ten years at the helm of The Clarion it is time to move on, as a new development office will take over The Clarion and undertake a different approach. Many thanks to our generous donors and readers, hoping you enjoyed the vignettes of the FICs in retirement. In the meantime I still have, as my health holds out, my part-time work as NDI Bursar/Treasurer to keep me busy. Many thanks for your prayers, and good wishes to all as I complete another religious milestone."

Brother Albin Vigeant (80)>>
